

### PCG Terms

**Trusted Sites** – websites that you trust not to damage your computer or files.

### TO DO LIST

1. Turn off Pop-Up Blocker.
2. Change security settings.
3. Enable downloads.

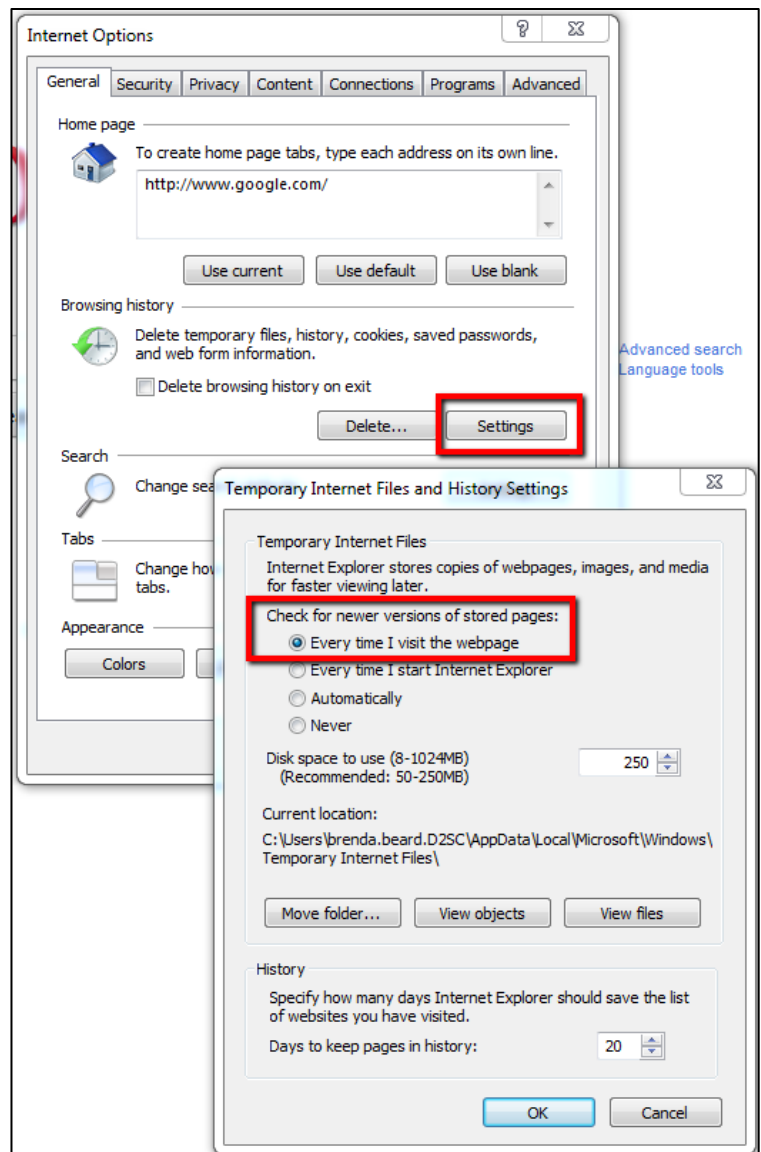

### Internet Explorer

Launch Internet Explorer and select **Tools** from the menu and click **Internet Options**.

In the **General** tab, click the **Settings** button.

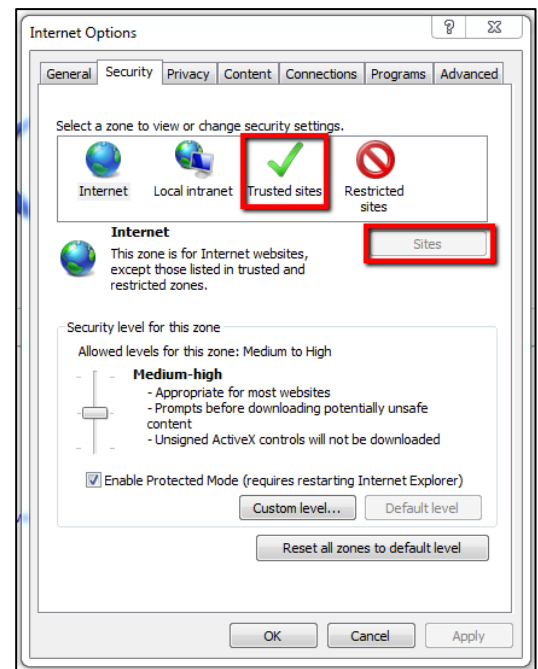

Under **Temporary Internet Files**, select the option to check for newer version of stores pages, "Every time I visit the webpage".

Click **OK**.

Click the **Security** tab.

Select '**Trusted Sites**' and click the **Sites** button.

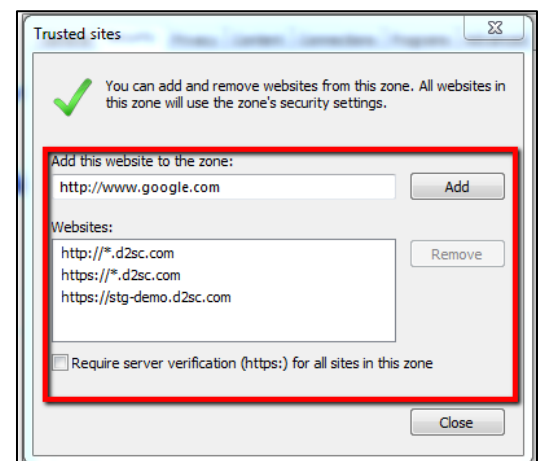

Uncheck the "Require server verification..." line and add the following websites to the zone:

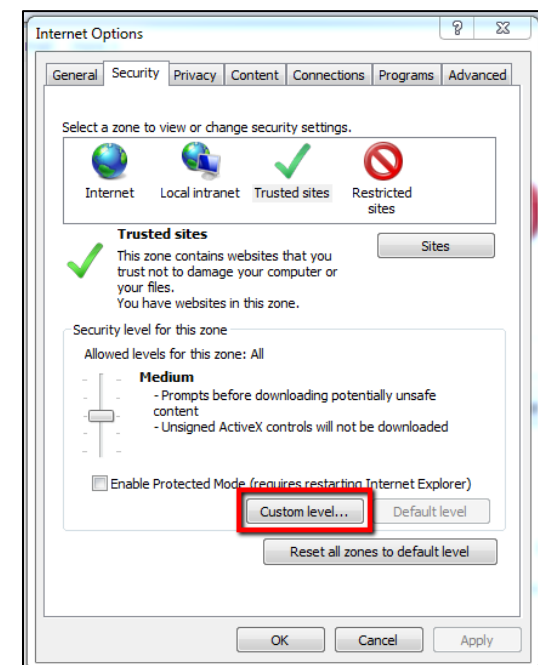

[http://\\*.d2sc.com](http://*.d2sc.com)

[https://\\*.d2sc.com](https://*.d2sc.com)

Click **Close**.

Click on the **Custom Level** button at the bottom of **Security** tab.

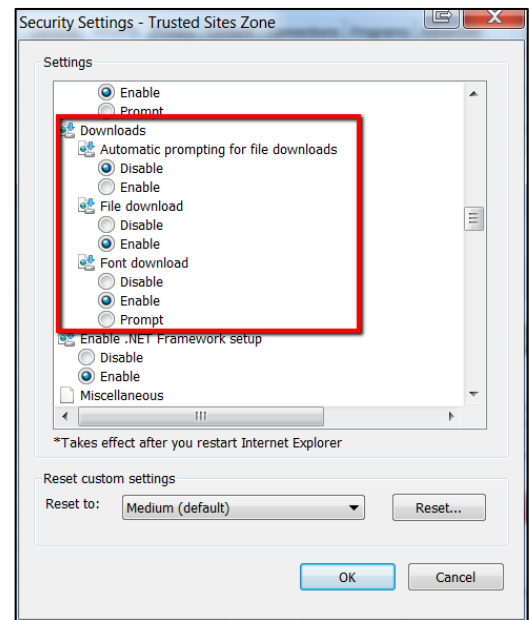

Scroll down the listing of the **Security Settings** until you see the **Downloads** section.

There are 3 options under **Downloads**.

Make sure that all 3 are **ENABLED** (Automatic prompting for file downloads, File Download, and Font Download).

*Please note: By enabling these options, IE will allow you to download excel formatted reports in the PCG Reporting module.*

Click **OK**.

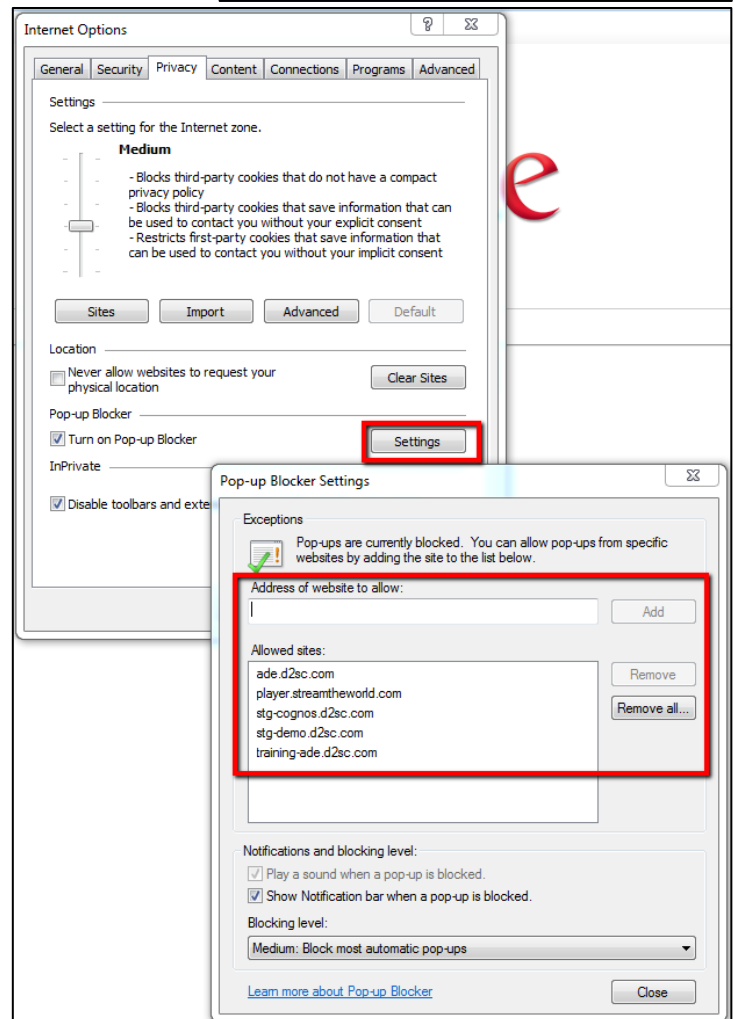

Click the **Privacy** tab.

For **Pop-up Blocker**, click the **Settings** button.

In the "Address of website to allow" field, enter your PCG website address to allow PCG to use pop-ups when you are in the system.

Click **Close**.

Click **OK** exit out of Internet Options.

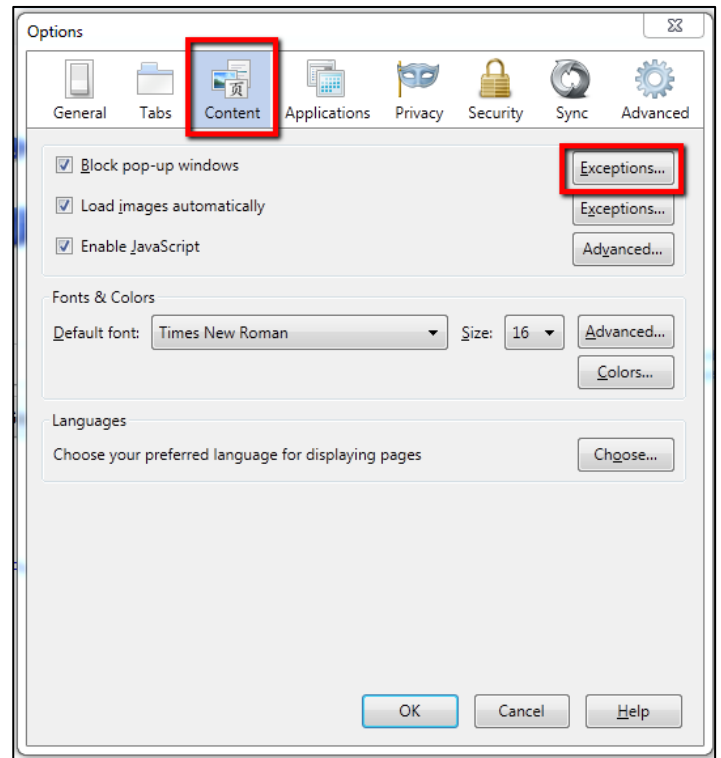

## Firefox

Launch Firefox and click the **Firefox** drop box.

Select **Options**, then **Options**.

On the Options screen, select **Content**.

For “Block pop-up windows”, click the **Exceptions** window.

In the “Allowed Sites – Pop-ups” screen, enter your PCG (d2sc) website address to allow PCG to use pop-ups when you are in the system.

Click **Allow**.

Click **Close**.
